"RESTRICTED USE"
in New York State
under 6NYCRR Part 326

EPA Reg. No. 62719-527

New York State Department
of Environmental Conservation
Division of Materials Management
Pesticide Product Registration

Directions for Use

- It is a violation of federal law to use this product in a manner inconsistent with its labeling.
- This labeling must be in the possession of the user at the time of pesticide application.
- Follow all applicable directions, restrictions, and precautions on the product label.
- Follow all applicable maximum seasonal and per application use rate limits for each use site listed on the Garlon 4 Ultra product label.

Foliar Application

- Apply Garlon 4 Ultra alone or in a tank mixture with other herbicides labeled for control of Oriental bittersweet. Use of surfactants and/or carriers in the tank mix is permissible.
- For foliar application, apply a 1-3% solution of Garlon 4 Ultra when plants are actively growing.

Cut Stump/Stem Treatment

- Cut each vine stem close to the ground and immediately apply a 25% solution of Garlon 4 Ultra mixed with water.
- A subsequent foliar application may be necessary to control new seedlings.
